Play It Loud and Clear! Genius Announces a New Vibration Headset Ideal for Gaming or Listening to Music on a PC

The HS-03U Headset is Available in September

MIAMI, Aug 21, 2007 (BUSINESS WIRE) -- Genius (www.geniusnetusa.com), a division of KYE Systems Corp., announced today the availability of a new headset that will bring users a quality listening experience. Aimed at PC gamers and music lovers, the new HS-03U has an embedded vibration system that carries superior digital sound so that users can practically feel the experience of whatever they are listening to. Priced at \$39.00, HS-03U has a built-in volume control button and vibration switch. The headset is padded in the ears for extended play and comfort. The HS-03U will revolutionize PC play and bring any band right into the room.

Known for creating products that represent a creative spin, Genius designed the HS-03U to be sleek and small in design. This gaming headset is compact and foldable with an easy plug-and-play USB cord. The built-in microphone makes this headset a multi-purpose gadget, letting users chat while gaming or talking directly to a friend. The microphone comes with a noise-canceling option so that it is easy to hear without background noise.

The HS-03U Vibration Headset is Windows Vista compatible and is available online in September at Buy.com, Ingram Micro, Geeks.com, TigerDirect.com, NewEgg.com, eCOST.com, PC Club, the Genius E-Shop and other US retail outlets.
